

Intensive German language courses for high achievers in Heidelberg

Results-driven programmes for adults

OISE Heidelberg offers intensive courses for universal communication, specific professional use and exam success. The course you choose can consist of a Quatorial programme (maximum of 4 students), a programme of only Tutorial (= individual) lessons (1:1) or a combination of Quatorials and Tutorials. Most programmes also include Spoken Performance Workshops and Masterclasses. The challenging programmes are combined with an exciting after-class entertainment and a carefully chosen host family accommodation. This powerful combination of structured learning within the school and spontaneous language acquisition outside ensures that you achieve your language learning ambition.
