USS Constitution

One of the oldest cities in the USA, Boston was founded by Colonists from England in 1630 and has been the stage for many significant events throughout the country's history.

Nowadays the city is world famous for academia and the home to some of America's most prestigious institutions including Harvard University and the recently crowned top University of the world, M.I.T. The combination of Boston's history and vitality lets us create a varied and engaging social program to really show off everything this great city has to offer.

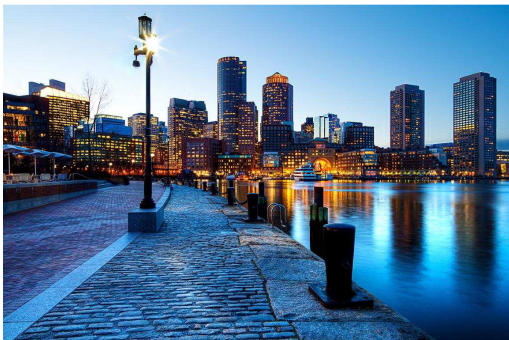

Symphony Hall

Skating at the Frog Pond
