Language and personal development

Educational Engineering

Precision - fine tuning - performance - calibration - confidence - achievement

OISE courses are designed without compromise. They are structured with innovation and rigour. All aspects of performance in the language are evaluated with the aim of immersing the participants in different types of learning activities. These yield strong results by building the learners' confidence in expressing themselves fluently in English with elegance and accuracy. The overriding objective is to give the learner sufficient confidence never to be at a disadvantage among other English speakers.

for high achievers

Constant opportunities to perform in English. Constant encouragement to practise the language within a study community of highly motivated language learners. It is in such a studious environment that participants are challenged and driven to exceed their own expectations and personal goals. Because of their focus on serious, concentrated study programmes, OISE schools are the preferred choice of the most ambitious and committed students.

The expertise, enthusiasm and sympathetic approach of the teaching team all combine to sustain the students' effort and concentration making each lesson a productive and stimulating learning experience. Coming from diverse study and career backgrounds, they are able to offer instruction in a wide range of specialised areas of the language.

Teachers are chosen for their personal qualities and their ability both to engage the participants and to facilitate the language learning process. They are trained to focus on the needs and weaknesses of their learner and to plan the structure and content of the lessons accordingly. The students therefore always receive tuition that is relevant and based on what they actually need to learn.

Tutorial™ Programmes: needs driven

The Tutorial™ lesson, a teaching tradition of Oxford University, is one of the most effective methods of language learning. The entire course is conducted by means of individual tuition thus allowing the course to be adapted to the precise level and needs of each participant.

The programme

The personal language audit

A language audit carried out at the beginning of each course determines the precise level, needs and objectives of the participant. This forms the basis of the student's personal learning programme.

A balanced timetable

Each participant is assigned a team of tutors rather than just one tutor. Participants therefore experience different teaching approaches as well as different personalities, voices and accents which help to sustain and stimulate concentration.

Specialisations

Tutorial tuition allows for specialisation in a comprehensive range of specific professional areas. These are taught by experts in their particular field.

Examination preparation

Students wishing to take an official exam are exposed to exam requirements with active practice on past papers under timed conditions to foster familiarity with the exam.

The Integrated Tutorial™

The Integrated Tutorial™ combines the intensity of one-to-one sessions with interactive workshops and team project work with the purpose of exposing the student to authentic social and business exchanges in the language.

Each school therefore has a dedicated team whose role is to ensure that students have a comfortable, welcoming place to stay and a varied programme of social events to enjoy after a day's study.

To stay in a hotel or to stay without OISE accommodation, please deduct £290 (£390 in London) /\$405 per week from the course price and contact OISE for the list of recommended hotels. 10.3 For children who will stay with host families, parents may indicate on the registration form whether they authorise their child to stay out in the evenings without supervision. Generally, this means that children aged 13 and under are not allowed out unsupervised after their evening meal; those aged 14 and above must return by 22:00. However, students must also respect the house rules of the host family, where these times may inconvenience the family. Children on residential courses have evening activities and are not allowed to stay out unsupervised. Please note We cannot be held responsible for any incident whilst the student is out unsupervised.

10.4 Students aged 18 and over must register for an adult school. We reserve the right to transfer an 18 year old from a young learners' Course.

11. Other important terms

11.1 These Terms set out the entire agreement between you and Us relating to your Booking.

11.2 We may transfer Our rights and obligations under these Terms to another organisation, and We will always notify you in writing if this happens, but this will not affect your rights or Our obligations under these Terms.

11.3 This contract is between you and Us. No other person shall have any rights to enforce any of its terms.

11.4 Each of the clauses in these Terms operates separately. If any court or relevant authority decides that any of them are unlawful, the remaining paragraphs will remain in full force and effect.

11.5 If We fail to insist that you perform any of your obligations under these Terms, or if We do not enforce Our rights against you, or if We delay in doing so, that will not mean that We have waived Our rights against you and will not mean that you do not have to comply with those obligations. If We do waive a default by you, We will only do so in writing, and that will not mean that We will automatically waive any later default by you.

11.6 These Terms are governed by English law. You and We both agree to submit to the non-exclusive jurisdiction of the English courts.
