

The Oxford College Experience

(14-17 years)

Residing at one of the most traditional Oxford University colleges, students experience a unique educational environment. As a result of the dynamic tuition, students refine their social eloquence and mastery in the specificity of the English language whilst deepening their knowledge and understanding of International Relations, PPE (Politics, Philosophy and Economics), Entrepreneurship, Journalism, Law, Medicine and Engineering.

July and August 2019

The programme

Located in the privileged setting of Brasenose College, this inspirational course sets students onto a career path of opportunity and achievement. Students live in the college and all lessons take place in college rooms. The focus of the morning lessons is to improve students' academic English skills. The afternoon lessons are subject-specific. Students choose a different subject each week from:

- International Relations
- Entrepreneurship
- Medicine
- Politics, Philosophy and Economics
- Law
- Engineering

• The Oxford experience

Oxford in the summer offers students an unforgettable taste of university life, including outdoor activities in the city's open spaces and a wealth of cultural enrichment in the form of museums, galleries and breathtaking architecture. On Saturdays, there is a full-day excursion.

• Brasenose College

Brasenose College, founded in 1509, sits on Radcliffe Square at the heart of historic Oxford. Against a backdrop of college spires and green lawns, students can study, relax and enjoy the unique experience of an Oxford summer education. Meals are served in the historic dining hall and students are given one hour of homework each day before supper.

Foundation course

The minimum level to take this course is B2 (upper-intermediate). All students are interviewed prior to the course to assess their suitability. Students who do not meet the minimum criteria can take the Oxford College Experience Foundation course, with a simplified curriculum, but the same format.

Courses available at Foundation level:
Entrepreneurship and International Relations.
